

*Powder Point Bridge*

# The Boston Globe

FRIDAY, NOVEMBER 19, 1982

## THE END OF A SHORT DAY

November sun sets beyond Duxbury's Powder Point Bridge. Sun will set today at 4:20 p. m. - just 9 hours and 42 minutes after rising - but, with

cloudy skies prevailing, the event should go virtually unnoticed. Sunny skies are expected to return to Greater Boston tomorrow. GLOBE PHOTO BY DAVID RYAN
